

MASS-APP-001-V04

Customer Journey & Lifecycle Version 1.0

Executive Briefing

Defines the constitutional framework for managing customer journeys and lifecycle progression across the enterprise.

Purpose

Provide a governed model for tracking every customer stage from initial awareness through long-term advocacy.

Core Principles

Lifecycle continuity, contextual intelligence, measurable progression, transparency, and constitutional governance.

Core Capabilities

Journey mapping, lifecycle stages, milestones, engagement tracking, health indicators, lifecycle automation triggers, and executive visibility.

Architectural Boundary

Defines lifecycle intelligence without replacing operational CRM transactions or workflow execution.

Version 1 Scope

Journey framework, lifecycle taxonomy, stage transitions, governance controls, reporting, and integration interfaces.

Definition of Done

Customer Journey & Lifecycle is fully defined for enterprise production deployment.

Status
