

MASS-APP-001-V05

Opportunity & Pipeline Intelligence Version 1.0

Executive Briefing

Defines the constitutional framework for enterprise opportunity and pipeline intelligence.

Purpose

Provide governed visibility into opportunity progression, forecasting, prioritization, and pipeline health.

Core Principles

Transparency, explainability, measurable progression, constitutional governance, and trusted forecasting.

Core Capabilities

Opportunity management, pipeline stages, probability scoring, forecasting, revenue intelligence, bottleneck detection, executive dashboards, and AI-assisted recommendations.

Architectural Boundary

Provides intelligence and governance without replacing operational sales execution or financial systems.

Version 1 Scope

Canonical opportunity model, pipeline lifecycle, forecasting services, governance controls, reporting, and integration APIs.

Definition of Done

Opportunity & Pipeline Intelligence is fully defined for enterprise production deployment.

Status
