

MASS-APP-001-V07

Sales Intelligence & Forecasting Version 1.0

Executive Briefing

Defines the enterprise sales intelligence and forecasting framework.

Purpose

Provide governed forecasting, performance analysis, and predictive sales insight.

Core Principles

Accuracy, explainability, measurable confidence, transparency, and constitutional governance.

Core Capabilities

Pipeline forecasting, quota tracking, predictive analytics, trend analysis, win/loss intelligence, executive dashboards, and AI-assisted guidance.

Architectural Boundary

Delivers intelligence without replacing CRM execution, finance, or ERP systems.

Version 1 Scope

Forecasting models, sales metrics, confidence scoring, governance controls, reporting, and integration APIs.

Definition of Done

Sales Intelligence & Forecasting is fully defined for enterprise production deployment.
